INSTRUCTIONS

1. Record EACH brood sighting made during the months of June, July and August ONLY
2. List ONLY hens and poults (do not list toms)
3. List each brood SEPARATELY
4. For each brood, indicate the size (1/4 grown, 1/2 grown OR 3/4 grown) of the poults
5. For each report, indicate (yes or no) whether you have previously observed this SAME brood.
If you're not sure, make an educated guess based on location, number and size of poults, and previous observations made.
6. If you have seen a brood previously, after circling "Yes", record the DATE on which the brood was previously observed.

On September 1st, return forms to:
